NOTES AND COMMENTS.

The Elizabethtown News makes this good suggestion:

"Before the Legislature makes a new tax law and it is submitted to the people, it would be a good idea to have the Court of Appeals pass on the validity of the election which was held without the proper advertising by the Secretary of State."

Judge J. W. Hughes will take charge as Collector tomorrow and then watch him turn the rascals out.

Mr. McCombs managed the Democratic campaign at large very satisfactorily, but having married, his efforts at managing must cease. Where she leads he must follow hereafter.

Senator La Follette says that Colonel Roosevelt is a dead one politically, but it will be observed that he waited for the Colonel to bury himself in the South American jungle before he made the remark.

The wedding present of the Congressmen to Miss Jessie Wilson, daughter of the President, will be a \$2,000 necklace. In the language of scripture, why wasn't the money saved and given to the poor?

Now comes a scientist to say that beer and dancing cause tuberculosis. There is never a sweet without its bitter.

A French surgeon is credited with having found out the usefulness of the vermiform appendix. That was discovered long ago. It is to give the surgeons a chance to bilk their victims.

A fellow in New York for winking at a pretty department store girl, caught a sentence of 20 days in jail. A rather big price to pay for very doubtful fun, but well applied, all the same.

The Louisville Herald says that "If Mr. Beckham relies upon the Post in his coming race for the Senatorial nomination, he is relying upon a potential traitor. He need not be surprised if he is treacherously ambushed by this Ismael of journalism." We have always told the former Governor to beware of Knott, who would have betrayed the Savior if he had been in the place of Judas Iscariot.

Murphy says there is another day coming for Tammany, but unless it mends its ways, let us hope that it will be a long time first.

New York speculators sold 110,000 cases of cold storage eggs to a grocer, making \$75,000. Then the grocer sold them at a profit of \$280,000. The ultimate customer always holds the bag.

The heathenish practice of throwing rice on newly-weds originated in China. Civilized people ought to have more sense.

Secretary of War Daniels thinks fourteen chaplains to 67,000 men in the navy is not enough to save their souls, and will ask Congress for more. With a prospect of war with Mexico, there ought to be some way to prepare the Jackies for kingdom come.

The few remaining followers of Roosevelt continue to assert that they have just begun to fight, which the same is all poppycock. They are just trying to make a noise to keep their courage up. When the Colonel sailed for South America, nearly all of the Progressive party went along.

a Pennsylvania road was 36 hours late. This is almost as bad as some trains in this section.

A St. Louis preacher has evolved a scheme to increase Sunday-school attendance. It is to give every child who attends and brings a penny a new buffalo nickel. The plan is most successful in drawing crowds of children, but whether it is a good one is a question, as most of them will regard it as a snap to make four cents.

If the Government raises the embargo on firearms to Mexico, a Kilkenny cat fight might result to good results. It will be recalled that in that famous fight nothing was left of the cats but their tails.

Collector John W. Hughes has received 763 applications for the 14 jobs at his disposal. The desire for office is springing eternally in the human breast everywhere at present. But won't there be disappointments and heartaches?

Editor J. M. Allen, of the Cincinnati Democrat, is still advertising for an umbrella that he left in the National Bank of his city in the spring of 1896. Credulous soul! The man who walked off with it has worn it out and forgotten he stole it. Wake up and turn over, old man!

Before parting permit us to say that Frankfort State Journal, under the editorship and management of Mr. Graham Vreeland, is a monstrous good paper and getting better all the time.

The convention of the United Daughters of the Confederacy, at New Orleans, refused to accept greetings from the Southern States Woman's Suffrage Conference. There is no suffragette foolishness about those good women.

You are cordially invited to attend Our Fur Opening, November 20 and 21, 14 st.

The Democratic Administration Endorsed.

It is not often that the first elections after the inauguration of a President do not show a reaction against his party. In fact, it has become a rule so general that it is expected. But precedent cuts no figure when the people are determined to show their appreciation of an administration which is trying to live up to all party promises, with an eye single to the interests of the greatest number. It is, therefore, not surprising that in the three States of Massachusetts, New Jersey and Maryland, where State tickets were elected last week, that Democracy was signally triumphant. Massachusetts and New Jersey have been regarded as certainly Republican, and Maryland has often gone that way, but each of them returned large Democratic pluralities this time, former rock-ribbed Republican Massachusetts electing the entire Democratic ticket by some 60,000 plurality, which is really as wonderful as it is gratifying.

So far the Democratic leaders have made no serious mistakes. The President has shown a remarkable devotion to the people's cause and Congress has fulfilled in large measure what was expected of it. Clark and Underwood, contending candidates with Mr. Wilson for the Presidency, have labored with him to crystallize into law the pledges upon which the Democratic party regained the power it was so long deprived of, and it now seems that it will remain in power for many years to come, as it did before the war and for sixty years made this the most prosperous and happy country on the globe. It will remain in power if the good sense, fine judgment and patriotism continue to prevail as they have during the eight months that the Democratic party has been in charge of the Government.

The election in Kentucky being for local offices might not be taken as an endorsement of the Administration, but it really is, because the people are becoming satisfied that the Democratic party is capable of administering the affairs of the country with wisdom and conservatism and, therefore, the whole trend of public sentiment is toward the party of the people, which rules by and through them.—W. P. Walton in Lexington Herald.

Assassination in Irvine.

A dispatch from Irvine says: "John Davis was shot while at the home of his cousin, Green Davis, near Irvine, and died shortly after as a result of his wound. The shooting took place in the presence of Mrs. Green Davis, the shot being fired through a window from the darkness outside. Mrs. Davis has been arrested and is in jail, while her husband disappeared. A warrant is out for his arrest and he will be arrested as soon as he is located."

Substitute Editor Retires.

As stated in a previous issue, Mr. E. C. Walton disposed of his entire interest last week in the Climax to its former owners, Messrs. A. D. Miller and W. G. White, and they being willing to take over the lease of Walton & Gordon, the writer having been substituted for the senior member of the firm, it was gladly accepted, to take effect Nov. 15th, to which date all accounts since E. C. Walton took charge are due that firm.

As stated when I assumed editorial charge of the Climax, it was a matter of accommodation to my brother, who had a better opportunity in Florida. It has not suited me to attend to my newspaper duties in Lexington and run a paper in Richmond, and I am aware of my failure to do justice to it, but like the inscription that the cowboys wrote on a rough plank which they placed over the grave of a comrade: "He done his damndest; angels could do no more," so have I tried to, though at great inconvenience. "Alas, that there are no gold mines in Richmond!" wails a local contemporary, and I join in the cry. I cannot afford to remain where there are none, or to accept the small remuneration that comes from toil to make four papers pay in a one-paper town.

My stay in Richmond, however, has not been without its pleasant features and I have made some good friends, but the best of them must part and time is up. To all who have in any way aided me, I am very thankful and will remember them to the end.

Messrs. Miller & White have rendered me great assistance. They are capable newspaper men and can make the Climax pay when the division is not so long as at present. I hope so, at any rate, and trust that they will be given a patronage commensurate with their worth.

We shall not all meet again, but in the sweet fields of Eden, where the tree of life is blooming, may all of us find a haven and an eternal home.

to them. To the victors belong the spoils. The people voted for a change, not merely in the occupant of the White House, but all along the line, and their voice is the voice of God.

The scriptures tell us that a house divided against itself cannot stand. We also know that a general cannot win battles with a hostile army. He must have men animated by the same spirit that he is. Neither can President Wilson accomplish much with the whole Government force pulling in opposite directions. Let Congress pass a law remedying the handicap. The writer does not expect to fill any office, so this appeal is not from personal reasons, but because he wants the boys in the trenches, who made the victory possible, to share in its glory. Mr. Jesse Jordan, 20, and Miss Mattie Shearer, 16, both of this county, were married yesterday.

Mr. Slaughter Bassett Sparks, the clever and wide-awake manager of the Alhambra Theatre, and Miss Ethel Martin Hastings, of Lexington, were married in that city Tuesday.

In telling of the marriage the Lexington Herald says: "The couple left immediately after the ceremony for a short trip and will then go to Richmond to make their home, where Mr. Sparks is manager of the popular Alhambra Theatre. The bride is a very pretty and charming young woman and the bridegroom is a rising young business man. All wish for them a lifetime of perfect happiness."

The School Fair at Lancaster, Nov. 8, was a success in the way of attendance, the court house being crowded. Quite a number of prizes were offered, and our graded school captured about thirty dollars worth. Church Notes

The Baptist State Board of Missions raised \$14,400 this year, or \$12,000 more than last.

The Church of Disciples will spend \$13,000 for missions in Kentucky this year, the mission board of the church decided at Lexington yesterday.

The ladies of Mt. Pleasant church will give a supper in Mr. Wilson's vacant room at White Hall, Saturday evening Nov. 15. Pies, cakes, candies, oysters, etc., will be served. Everybody invited and a good time is assured.

A three weeks' campaign by ministers, priests and members for a "Go-to-Church Day" at Jolliott, Ill., resulted in 40,000 people, nearly the entire population, attending church Sunday, many who had never seen inside of a church, being present.

Dr. J. W. Porter, pastor of the First Baptist church, of Lexington, and editor of the Western Recorder, of Louisville, the leading church paper of that denomination in the Central West, was chosen moderator of the State Baptist Association.

They exert so direct an action on the kidneys and bladder that the pain and torment of backache, rheumatism and kidney trouble is soon dispelled. For sale by all druggists.

Having decided to sell my farm I will offer it to the highest and best bidder, at 10 o'clock A. M., on

WEDNESDAY, NOVEMBER 19, '13,

located on the Big Hill pike six miles from Richmond, consisting of 240 3-10 acres with residence tenant house and tobacco barn all new. Residence has water works and hot water heat. There is also on this place a nice young orchard of about 200 trees just beginning to bear. The place is well watered by ponds and never failing springs. It is near school and churches. It is an ideal place to live and must be seen to be appreciated. I will offer it first in two tracts 100 acres on the back facing county road and 140 with the improvements facing pike and then will offer the place as a whole.

Will be glad to have parties to look at place at any time.

Death of Mr. Benton.

After a long life and of the old disease with a new name that is carrying off so many old men, hardening of the arteries Mr. William Benton breathed his last yesterday, aged 74. He lived at Waco most of his life and was for many years a merchant, afterwards buying mill a which he ran till a few years ago. For many years he had been a leading member of the Flatwoods Christian church, holding all the offices in the gift of the congregation. Those who knew him tell us that a better man never lived or one who in his sphere was more useful to his kind. Mr. Benton has been in failing health ever since the loss of his wife last spring, her death seeming to have the most depressing effect on him. An only son, Judge J. M. Benton, survives him and does honor to a noble father. This afternoon a funeral service will be held at the late home to be conducted by Rev. E. B. Barnes, and the interment will follow in Richmond Cemetery. A good man has fallen, earth is poorer, Heaven richer.

Golden Wedding.

Capt. and Mrs. Samuel M. Anderson celebrated their golden wedding with a family dinner at their home in Nicholasville this week. The board was graced by eight children and their families, and three of Mrs. Anderson's sisters. They were married in Owensboro and came to Nicholasville 45 years ago, where they have been among the most popular and substantial citizens. He was a soldier in the Federal Army during the Civil War, and since then has been a leader in the Republican party in Jessamine county. He filled creditably the office of postmaster in Nicholasville, and has held other positions under the United States government. Mrs. Anderson is a universal favorite among old and young, and her bright, happy face is welcome wherever she goes.

Membs of President Huerta's official family are working diligently for the reopening of negotiations with the United States, and appealed to Charge O'Shaughnessy yesterday to stay proceedings, claiming that Huerta, who had returned to the capital, authorized concessions. United support from the great Powers abroad for the American policy toward Mexico, it is stated, caused the withholding of the statement on Mexico by President Wilson, and the expression of the belief in Washington that the elimination of Huerta would soon be an accomplished fact.

Perry-Tyng Wedding.

Miss Gladys White Perry and Mr. Julian Tyng, of Boston, Mass., were married at the Christian church on Wednesday evening at eight o'clock. The large auditorium was beautifully decorated in Southern smilax, palms, and ferns and just before the bridal party entered a beautiful music program was rendered by Mrs. George W. Pickels and Miss Jamie Caperton, who sang sweetly "Beloved It Is Morn," and "O Promise Me." The ring ceremony was used and was impressively performed by the Rev. E. B. Barnes.

Miss Libeth Ann Reynolds, of Mt. Sterling, as flower girl, and Miss Alice Clark Kellogg as ring bearer, were sweet and attractive in white dresses with pink ribbons. Miss Dorothy Perry and Miss Ernestine Perry, of Lexington, were the bridesmaids and Messrs. Hale Dean and Emerson Gwynne were the ushers. Miss Mary D. Pickels, as maid of honor, preceded the bride, who entered with her father, Mr. H. L. Perry. They were joined at the altar by Mr. Tyng and his best man, Mr. Hart Perry. The bride was beautiful in her wedding gown of white tulle trimmed in lace and pearls and the veil of tulle fastened with orange blossoms. Miss Pickels was charming in pink crepe media and carried a shower bouquet of pink rose buds. The maids wore white lace dresses and pink ribbons and carried baskets of pink roses caught with large bows of pink tulle.

Miss Perry is one of Richmond's most popular girls, and with her always bright and cheerful disposition has won her friends wherever she might be, who offer best wishes for their continued happiness. Mr. Tyng, who has often visited in Richmond, is a rising young Civil and Mechanical engineer, of Boston, where they will make their home.

After the wedding, a number of guests enjoyed a lovely buffet lunch at the home of Mr. and Mrs. H. L. Perry in Burnamwood.

Students' Recital.

Under the direction of Miss Moore a recital expression in music was given by the Madison Institute last night, which was highly creditable and greatly enjoyed. Each number was especially good and Miss Moore and the young ladies deserve a great deal of credit.

The Federal Court.

Judge A. M. J. Cochran, having cleaned up the docket of the Federal Court, adjourned it this afternoon. There is no fooling in this court. The poor devils must be ready for trial or they lose out, though in fixing sentences Judge Cochran tempers justice with mercy. For instance, he let off young Mullens, who was jointly indicted with John Ponder for breaking into the postoffice at Red House, and sent Ponder to the reformatory at Washington.

One of the most important cases tried was that of Frank Burge, of Shelby City, for sending an obscene letter to Miss Hattie Lay. It could hardly have been more obscene, and he got two years in the penitentiary at Moundsville, W. Va. Most of the other trials were for violations of the liquor laws and the defendants were given from 30 to 100 days in jail and fined as much as \$100. John Embury, for running a moonshine distillery, and Fred Jennings, for same offense, were given one year each in the penitentiary. Among the indictments found was one against Tipton Langford, jailer of Rockcastle county, in conjunction with C. F. Sigman and Lum Ryal, charged with aiding Alric Talbott, a deserter from the army, to escape from jail. It is alleged that Officer Robt. Harton arrested Talbott and placed him in jail, and that Jailer Langford opened the door and was held by Sigman and Ryal while the prisoner escaped.

The case of Mike Mirko, an Austrian, who sued Contractors Sturm & Dillard for \$80,000 for injuries received from a blast on their works, was dismissed, because Mirko, being an alien, could only sue originally in the U. S. district court in the district of which the defendant was a citizen, and the residence of neither the plaintiff nor defendant had anything to do with giving jurisdiction of the parties, as jurisdiction of the Federal Court depended upon citizenship.

You are cordially invited to attend our Fur Opening, November 20 and 21. 14-21. OWEN MCKEE.

To prevent disease— resist disease germs

SMALLPOX is prevented by vaccination — the injection of vaccine. DIPHTHERIA is prevented by the injection of anti-toxin. These enable the body to produce substances which prevent the growth of smallpox and diphtheria germs in the blood. There are many other diseases, nearly, if not quite as dangerous, and far more common — typhoid fever, the grippe, bronchitis, pneumonia, catarrh, rheumatism, and a score of others — that can be prevented less painfully and more easily by making the body strong to resist germ infection.

Rexall

Olive Oil Emulsion

(With Hypophosphites)

Is designed for the prevention as well as the relief of disease — by enabling the body to overcome the germs. It, at the same time, strengthens and tones the nerves, nourishes the blood, puts the entire system into a proper healthy condition to combat and successfully resist disease.

Every person not in perfect health has incipient germs of some distressing ailment in his or her system. Cold weather, over-work, excesses of any kind, are liable to bring about just the conditions under which those latent disease germs will get the upper hand, and put you on your back "down sick."

You who are run-down, tired-out, nervous — You who, though not sick enough to give up, still don't feel good —

You who are apparently well, and want to stay well — Take home a bottle of Rexall Olive Oil Emulsion today, and use it as a means to get well and keep well.

Rexall Olive Oil Emulsion is a real nerve-food tonic. In this it is different from most other so-called "tonics" which either have no food value and do nothing more than temporarily stimulate you, leaving you in a worse condition than before or, having food value, still

are so unpleasant to take that many people can't keep them down.

Rexall Olive Oil Emulsion is pleasant to take. The Hypophosphites it contains tone the nerves. The pure Olive Oil nourishes both nerves and blood.

Rexall Olive Oil Emulsion strengthens you, puts snap and ginger and vitality into your system. It makes you feel better and stronger. It improves your digestion and your bowel action.

It contains no alcohol nor any dangerous or habit forming drugs.

It is guaranteed to be just as represented above — to do all that is claimed above — to satisfy you in every way, or your money back without quibble or question. Enough for full two weeks' treatment, \$1.00.

Sold only at The Rexall Stores — the World's greatest Drug Stores — and always with a full guarantee of complete satisfaction, or your money back.

Sold in this community only at

The Rexall Store Henry L. Perry

Rexall means "King of All"

Crookedness in Irvine.

In canvassing the election returns the Board of Election Commissioners of Estill county, on the ground that they had not been properly certified to, threw out the ballots of the Riddell precinct, and issued, or claim they have issued, certificates of election to four Republican candidates for county offices. The precinct is strongly Democratic and the Democratic candidates for the various offices claim the majority there was large enough to have elected them. Tuesday night the ballot-box of this precinct was stolen from the county clerk's office, and the clerk offers a reward of \$50 for the guilty parties.

Professor Stott.

The meeting of the Woman's Club, this coming Monday, Nov. 17, promises to be very interesting, because of the subjects that are rather unknown to our public and of the lectures that are worth better knowing.

Mr. Stott, of the English Department of the Normal, is himself a writer of short stories and very dainty lyrics, and he will expound the women writers before George Elliott.

Mme. Protowsky, also of the No mal, a student of the best in literature of the world, will speak upon the feminine writers of Poland Russia. This is a foreign field that will repay richly closer investigation. All women of Richmond are cordially invited.

The Meanest Winter.

Mr. H. F. Hillenmyer, the Lexington nurseryman, says that "thirty three years ago, November 13, 1880, began the meanest and most disagreeable winter yet known in Central Kentucky, and is well remembered by people no older than myself. The last snow fell April 9, 1881, and between the two periods a total of thirty-four snows was recorded, not counting sleet and slush. The waste of provender and the suffering of cattle were unusually severe. After the last snowfall summer followed, and by May 1 crops were planted and the returns were bountiful. Pastures soon greened up and herds lowed in their abundance. The beginning of the winter 1913-14 is very much similar to that of 1880-81." It will be observed that the blizzard of this year was three days earlier. Let us pray that we won't have a repetition of the winter of 1880.

Accidents will happen, but the best remedy is to keep Dr. Thomas' Electric Oil for such emergencies. Two sizes 25c and 50c at all stores.

Our line of Coffees are as fine as you can get in any market. Give them a trial. Covington Thorpe Co. 57-15.

"The Butterfly on The Wheel"

Miss Eleanor Montell, one of America's most gifted artists, will appear at the Opera House Tuesday, Nov. 18 in that sensational success of two continents, "A Butterfly on The Wheel," playing the part of the frail young wife, "Peggy," who is designated the Butterfly for her light, airy manner of living. Those who are aware of Miss Montell's clever ability as an actress can anticipate another success added to the many other characters she has "made good" in.

The play of "A Butterfly on The Wheel" enjoys the distinction of long runs both in London and New York and this season is toured with the same attention to details that characterized its production in both these cities. Its chief bid for success lies in its human appeal, that grips and holds, from the fact that the story plays on emotions that are of the present-day life and modern in its treatment.

The great scene of all is the divorce trial of the "Butterfly," who has been indiscreet enough in her actions as to cause her husband to want to cast her off, and the grueling she endures at the hands of a severe prosecuting attorney results in an ordeal that carries a moral to every thinking woman.

BUT HE DIDN'T.

"Well, well," said the doctor as he met Green on the street, "let me congratulate you. Got tanned up, filled out, and looking like a new man. I told you what a month in the country would do for you."

"You have surely gained ten pounds since I advised you to go."

"Yes, I think so."

"And your indigestion is gone?"

"All gone."

"And no more stomach troubles?"

"Not a bit."

"Good. Aren't you glad you took my advice?"

"But I didn't, doctor. Instead of going to the country I stayed right home and worked fourteen hours a day, took a PEPSINAID Tablet after each meal and ate everything that was placed before me. Nothing like it for indigestion, dyspepsia, and other disorders arising from faulty digestion. Recommend them to your other patients every time."

SECURED A LEGAL OPINION

Farmer Desired to Know Just Exactly Where He "Was At" and Probably He Does.

"You are a lawyer, aren't you?" asked the young farmer.

"Yes," replied the young lawyer generally to his first client, offering a chair and assuming a fine nonchalance.

"Well, I want to know why it is unlawful to kill rabbits."

"Well," said the lawyer, "it is against the law in this state to kill rabbits in the closed season, which includes the summer months, and you can't shoot them at any time without a license."

"Well, s'posin' they get into my cantaloupes. Can't I shoot 'em for trespassin'?"

"No, you can't shoot a rabbit for trespassin'. The only thing you can do is to have him arrested."

"If he comes into my house I can shoot him, can't I?"

"Not unless he breaks in. If you leave the door open and he walks in you must not shoot him. But if he accidentally falls into a pot of boiling water you can make soup of him, I suppose."

"It seems to me the rabbit has a great advantage over me. He can eat my cantaloupes and cabbages, but I can't do anything with him."

"You can scare him if you wish. You can shoot at him, but you must not hit him. The rabbit has this advantage over the cantaloupe, too—if you shoot at the rabbit and hit a cantaloupe it is all right. No harm done. But if you shoot at a cantaloupe and hit a rabbit it is a fine and imprisonment."

"However, in the open season all you have to do is get a license and you can go and shoot rabbits or cantaloupes either."

"As you see, you will then have all the advantage. You can get a license and the rabbit cannot, and you can shoot, or you can let the cantaloupe. You really have quite an advantage."

Your Hair May Be Your Fortune.

Beautiful hair has made the fortune of many a woman, by adding charm and love-lives to an otherwise plain face. Nothing means more to good looks than beautiful hair. It adds to the attractiveness of every feature. Without it you can't be beautiful; with it you will be at least beautiful.

To have beautiful hair, use Harmony Hair Beautifier. It will improve the beauty of your hair, taking the dull harshness and stringiness, softening and polishing every hair in your head and making it soft, silky, glossy, easier to put up and keep in place, and at the same time giving it a rich and lasting rose fragrance that will delight both you and those around you.

Very easy to apply—simply sprinkle a little on your hair each time before brushing it. It contains no oil, and will not change the color of the hair, nor darken gray hair.

To keep your hair and scalp dandruff free and clean, use Harmony Shampoo. This pure liquid shampoo gives an instantaneous rich lather that immediately penetrates to every part of the hair and scalp, insuring a quick and thorough cleansing. Washed off just as quickly, the entire operation takes only a few moments.

Both preparations come in odd-shaped, very ornamental bottles, with sprinker tops. Harmony Hair Beautifier, \$1.00. Harmony Shampoo, 50c. Both guaranteed to satisfy you in every way, or your money back. Sold in this community only at our store—The Rexall Store—of the more than 7,000 leading drug stores of the United States, Canada and Great Britain, which own the big Harmony laboratories in Boston, where the many celebrated Harmony Perfumes and Toilet Preparations are made. Sold by Perry's Rexall Store, Richmond, Ky.

Training For Wifehood.

The interesting information which comes from Kansas is that of the 8,000 girls graduated from the domestic science departments of the high schools of the State, 4,400 have already married, and that not one of them has sought a separation or been divorced. It is our own opinion that the remaining 3,600 will be married as soon as the fall plowing is over, if there are 3,600 single men in the State worth their salt, or who have sense enough to grease a girl.—Houston Post.

Will Lick Stamps For You.

Christmas gives this year will not be forced to lick their own stamps when they affix the proper postage to their parcels for mailing, unless they wish to. For the Postoffice Department has announced that its postmasters and their assistants would attend to that duty if required.

The innovation is put in force in the interest of better mail service during the holiday rush and is expected to facilitate the movement of the vast rush of matter that will tax the resources of the department's many employees.

Orders are issued to postmasters to affix postage when requested on mail matter of the second, third and fourth class, the latter being parcel post matter. The stamps will be pre-cancelled and the plan is expected to prevent the great waste of time, experienced by post-office patrons, while waiting in line to buy postage and mail their packages.

"Under such authorization," declares Postmaster General Burleson, "when a parcel is presented for mailing, the clerk receiving it, after collecting the required postage, may indorse on the parcel the amount of the postage, which later will be affixed by an employee of the post-office."

The Postmaster General believes that his plan will result in a great saving in time to the department as well as to the people.

The Valor of Ignorance.

Mr. Saubles got out of bed and slipped on his shoes.

"This must stop," he muttered irritably to his wife. "I'm going down stairs to teach that young man to keep away from my house in the future."

"John," cried his wife, "stop! Don't go."

But before she could say more he had slipped out of the door. She heard him steal down stairs to the drawing-room; she heard sounds of a struggle and of the breaking of glass; she heard him drag his adversary to the hall and kick him down the front steps. Then when he returned she flung herself upon him and clung to him admiringly.

"What's the matter?" he demanded.

"Don't you know?" she answered.

"That was a burglar."

"Great Scott!" he gasped, turning pale. "Why didn't you tell me before? I thought it was Ethel's sweetheart."

Harsh physics react, weaken the bowels, will lead to chronic constipation. Doan's Regulator operates easily. 25c a box at all stores.

Two of a Kind.

A well-known clubman in New York likes nothing better than to hunt big game in British Columbia. During his last expedition to that region he was in camp with a friend from Minnesota. Toward morning, says the New Yorker, he awoke shivering with cold. The fire was very low. His companion was fast asleep.

It isn't nice to get out of a warm blanket to roll frosty logs to the fire, so the wily New Yorker gave his friend a kick and then pretended to be asleep. There was no response, and presently the man from New York tried another kick.

At this the westerner broke into a laugh. "I did the same thing to you 20 minutes ago," he explained, "and that's how you came to be awake."

Then, of course, both turned out to build a fire.

Library of the Vatican.

The Vatican library is probably the most sumptuously housed in the world. This, of course, is only as it should be, for the collection contains some of the most precious manuscripts in existence, including the Biblical "Codex Vaticanus" of the fourth century the fifth century Virgil and the palimpsest "De Republica" of Cicero.

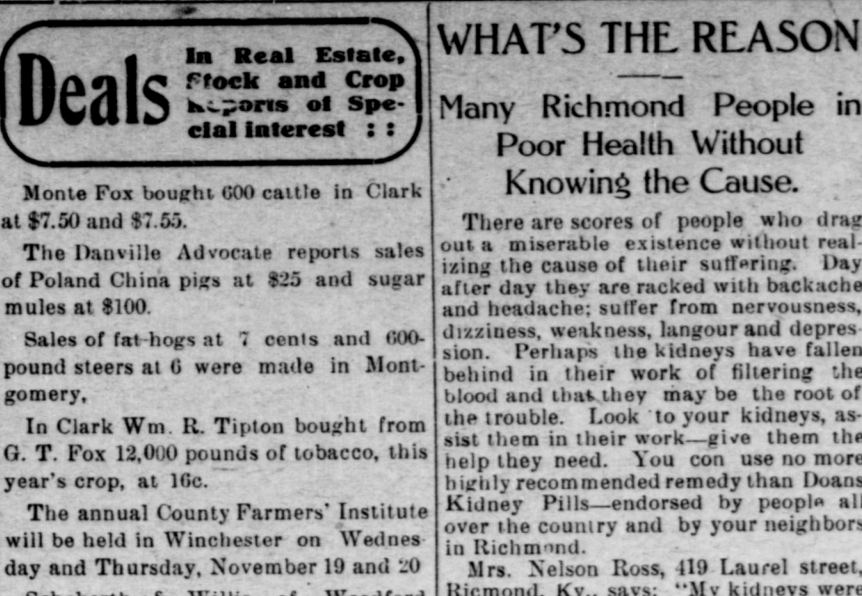

The printed books include over 2,500 15th century editions, many of them vellum copies. The total library has been estimated to comprise over 220,000 volumes and 30,000 manuscripts, but it has never been adequately catalogued.

Going Up.

A belated guest found his way into the Arcade hotel, Watertown, N. T., one night, and, following a series of manoeuvres, entered a telephone booth. After looking out several times inquiringly he hailed the night clerk and said: "Hi, I wanta go to m' room. When in thunder y' gots to run this elevator up?"—New York Telephone Review.

BIRMINGHAM, ALA.—E. E. Willis, suffered greatly from asthma and bronchitis. He writes: "I got no relief until I took Foley's Honey and Tar Compound. It entirely removed those choking sensations, and never failed to produce an easy and comfortable condition of the throat and lungs." All druggists.
